

About Us

We have now started in more than 65 countries in the increasingly competitive Building, Building Service and Real Estate Market. Groundfloor24 is a full-service agency related to the whole Building, Building Service and Real Estate Market. These includes among others Craftsmen, Building Service Provider, Construction Companies, Technical Building Outfitters, also Energy and Heating Companies, Property Developer, Planners, Architects, Engineers, Surveyors, Valuation Experts, Soil Appraisers, Experts for all damages relevant to buildings. We give all Franchise Partners the option to work with Partners and without restrictions. The Building, Building Service and Real Estate Market can be very tough. Therefore we believe that the Franchise Partner needs, of course, to focus on his main business in their own market. In addition with our national and global brand, you can be part of a start-up network without restrictions, with your own aims and freedom, just as an independent business owner with expertise in your business or sector and their own market. We offer beginners, independent people and entrepreneurs the ability to reach an increasingly competitive market with our unique international brand, in your chosen region or local market. We will support you in reaching your goals.

We offer our Franchise Partners the option to be a full Franchise Partner and using only the brand Groundfloor24 or as a Co-branding Franchise Partner and using both, the brand Groundfloor24 and the own name (company name, business name, personal name or brand).

Co-branding enables businesses to build or enhance their brand by partnering with another respected business. Two brands coming together establishes credibility because each company is able to highlight and reflect each other's assets and thus strengthen their position in a given market.

The fee for Franchise Partners is a percentage from turnover or revenue and the fee for Co-branding Franchise Partner is a fixed amount depending on the number of employees.

Grow your Business with us. We provide the best services at par with industry standards in Business Development, Franchise Assistant, Real-Estate and Business Resale. An important and not common point is, that you can Resale your Franchise Business, for example, if you want to retire.
